## 3. Global Trust Trade (GTT)

### 3.1 Accounts Required

- **Trading Account** – Executes buy/sell orders.
- **Demat Account** – Stores shares.
- **Bank Account** – Funds movement.

### 3.2 Trading Segments

| Segment           | Description               |
|-------------------|---------------------------|
| Equity Cash       | Long-term investments     |
| Equity Intraday   | Same-day buy/sell         |
| Futures & Options | Contract-based trading    |
| IPOs              | Primary market allocation |

### 3.3 Order Types

Market, Limit, Stop-Loss, GTT Order (Good Till Triggered).

### 3.4 Brokerage & Charges

- **Delivery:** ₹0
- **Intraday:** 0.03%
- **F&O:** ₹20/order
- **Demat AMC:** ₹300/year

### 3.5 Settlement Timeline

| Action         | Settlement Time     |
|----------------|---------------------|
| Share Purchase | Shares credited T+1 |
| Share Sale     | Money credited T+1  |

### 3.6 Important Principle

**Executed trades cannot be reversed.**

---

### 3.7 Additional Global Trust Trade (GTT) Knowledge

#### Market Risks & Guidelines

- Stock markets are regulated by SEBI; all trades follow exchange rules.
- Market volatility can impact intraday margins.
- Circuit limits (Upper/Lower) prevent extreme price movement.

#### Trading Tools & Platforms

- GTT Neo Web Terminal – Advanced charting, option chains, heatmaps.
- Mobile App – Quick order placement, portfolio tracking.
- API Trading – For algo traders and developers.

#### Research & Advisory (Internal)

- Daily Market Commentary
- Weekly Derivatives Report
- Portfolio Insights for long-term investors

#### Margin & Leverage

- Intraday margin varies based on stock volatility.
- F&O margin depends on SPAN + Exposure margin.
- Margin penalties apply if funds fall short.

#### Pledge for Margin

- Customers can pledge their stocks to obtain **collateral margin**.
- Pledge charges apply (₹15–₹20 per ISIN approx.).

#### Corporate Actions

| Type  | Impact                     |
|-------|----------------------------|
| Bonus | Additional shares allotted |

| Type         | Impact                                |
|--------------|---------------------------------------|
| Split        | Face value reduced → more shares      |
| Dividend     | Cash credit to bank account           |
| Rights Issue | Customer can apply at discounted rate |

### Trading Support Scenarios

- Order rejection due to insufficient funds
- Pending Pay-In/Pay-Out queries
- Sell order failure due to stock not settled (T+1 rule)
- DP charges for selling shares (₹13.5 per scrip approx.)

## 3.8 Mutual Funds (Via Global Trust Trade)

Mutual funds allow customers to invest in diversified portfolios managed by professional fund houses. This section helps new employees understand core concepts, fund categories, taxation, SIP processes, and common customer queries.

### What Are Mutual Funds?

A pool of money collected from investors and invested into equity, debt, or hybrid assets by professional fund managers.

### Key Mutual Fund Categories

| Category                 | Description                            | Ideal For                      |
|--------------------------|----------------------------------------|--------------------------------|
| <b>Equity Funds</b>      | Invest 65%+ in stocks                  | Long-term growth (5+ yrs)      |
| <b>Debt Funds</b>        | Invest in government & corporate bonds | Low-medium risk investors      |
| <b>Hybrid Funds</b>      | Mix of equity & debt                   | Balanced investors             |
| <b>Index Funds</b>       | Track Nifty 50, Sensex, etc.           | Passive investors              |
| <b>ELSS (Tax Saving)</b> | Equity fund with 3-year lock-in        | Investors seeking 80C benefits |
| <b>Liquid Funds</b>      | Very short-term debt                   | Parking surplus funds          |

### SIP (Systematic Investment Plan)

A disciplined investment approach where a fixed amount is invested at regular intervals.

**Features:** - Starting amount: ₹100–₹500 depending on AMC - Monthly, weekly, daily SIP options - Benefit: Rupee-cost averaging + power of compounding

**Why Agents Recommend SIPs:** - Great for long-term wealth building - Helps customers avoid timing the market - Easy to pause, modify, or top-up

### Lumpsum Investments

A one-time investment, usually preferred when the customer has surplus funds.

### NAV (Net Asset Value)

- Price of one mutual fund unit
- Updated every business day

### KYC & Compliance

Before investing: - PAN mandatory - Aadhaar-based CKYC required - Bank mandate for SIP auto-debits

### Riskometer Categories

Every mutual fund must display risk levels: - Low - Moderate - Moderately High - High - Very High

Agents should ALWAYS inform the customer about risk levels.

### Taxation Overview

| Type             | Tax                 | Holding Period    | Notes                   |
|------------------|---------------------|-------------------|-------------------------|
| <b>Equity MF</b> | 15% STCG            | Less than 1 year  | Applies on profits      |
|                  | 10% LTCG            | More than 1 year  | After ₹1L exemption     |
| <b>Debt MF</b>   | Slab rate           | Less than 3 years | Short-term              |
|                  | 20% with indexation | More than 3 years | Long-term               |
| <b>ELSS</b>      | Same as equity      | 3-year lock-in    | 80C benefit up to ₹1.5L |

### How Mutual Funds Are Purchased

1. Customer selects fund category
2. Risk and returns explained
3. KYC verified
4. Order placed (SIP or lumpsum)
5. Units allotted at end-of-day NAV

### Redemption Timelines

- Equity Funds: T+3 days
- Debt Funds: T+1 day
- Liquid Funds: Same-day / T+1 depending on cutoff

### **Common Customer Queries**

- "Which fund is best?" → Agents cannot recommend specific funds unless certified; provide categories instead.
- "Is my money safe?" → Explain risk levels clearly.
- "Why did my NAV fall?" → Market fluctuations; long-term approach recommended.
- "Can I stop or change SIP?" → Yes, via platform/app.

### **Internal Tools (Training Purpose Only)**

- Fund Screener (Category, returns, risk)
  - SIP Calculator
  - Tax Benefit Estimator
- 

## **4. Professional Conduct for New Employees**

- Always verify identity before account discussion
  - Never promise guaranteed investment returns
  - Avoid sharing internal systems or decision criteria
- 

### **End of Knowledge Base (Training Version)**
